Comment obtenir et monitorer les versions de Windows sur les machines supervisées par N-Central ?

Maxime - 2024-05-04 - N-Central

Pour obtenir et monitorer les versions de Windows sur les machines présentes dans N-Central, voici ce qu'il faut faire :

1. Il faut ajouter le service (Windows Version Information" sur les machines souhaitées

FORMATION-002

CPU:

Intel(R) Core(TM) i3-2120 CPU @ 3.30GHz

DISK:

223.57 GB

MEMORY:

12.00 GB

OS VERSION:

Microsoft Windows 10 Entreprise
